

QDB100 Deadbolt

Heavy-duty construction for enhanced security.

STANLEY Commercial Hardware's QDB100 line of Grade 1 deadbolts provides strength, durability, and reliability for high security applications. We designed the QDB100 series with solid forged housing for added strength and performance life, and then added anti-drill and saw-resistant features to deliver even greater security for a long-lasting, reliable deadbolt solution.

High security, easy to customize and install.

When it comes to high security, STANLEY Commercial Hardware’s QDB100 series deadbolts deliver reliable results—and they’re also simple to customize and install. From standard door prep to packaging designed for quicker installation, the QDB100 series is simple to order and install or retrofit in a wide variety of high security applications.

Features

STANLEY Commercial Hardware QDB100

- **Built for durability and security.** Solid forged housing, full 1” steel throw bolt with hardened steel roller pin for saw resistance, and anti-drill design with two ball bearings for drill resistance on non-IC cylinders are just a few of the heavy-duty security features we built into our QDB100 series.
- **Backed by a leading warranty.** The QDB100 series comes with lifetime mechanical and three-year finish warranties.
- **Easy to retrofit.** Choose deadbolts with a SFIC option or keep your existing small format cores and use them with QDB100 series products. Standard door prep makes retrofit quick and easy.
- **Simple to install.** Compartmentalized packaging makes QDB100 deadbolts easier to install.
- **Additional security features.** Depending on your application, available options like hurricane compliance can add an additional layer of reliability and security.
- **Short lead time.** Our QDB100 series deadbolts are available for immediate shipment.

STANLEY Commercial Hardware QDB100 series deadbolts deliver security you can count on. For a heavy-duty deadbolt solution at a great value, choose the name more Americans trust with their security.
